

WOOD STOVE REPLACEMENT PROGRAM VOUCHER APPLICATION FORM

HOW THE VOUCHER PROGRAM WORKS

1. The Lassen County Air Pollution Control District (District) is offering vouchers to replace non-EPA certified and pre-1992 wood stoves, fireplace inserts, or open-hearth fireplaces **used as a primary source of heat** with new, cleaner burning devices. The new device may be an EPA certified woodstove or insert, pellet stove, a natural gas or propane heating device, or an electric heating device.

Applications for rebate vouchers will be accepted until project dollars are depleted. **Please include a photo of the currently installed older stove, fireplace insert, or fireplace.** The completed applications must be signed by the homeowner (and tenant if applicable) and submitted to the District.

2. The Standard Voucher is valued at **\$1,500**. Please be aware that the Standard Voucher amount **will not** cover the entire cost of the new EPA certified device, installation, required permits and any code upgrades that may be required.
3. The Enhanced Voucher is valued at **\$3,000**. Applicants are eligible for an Enhanced Voucher if the project is if the household income is below \$49,454. The applicant can bring supporting documents for District review when submitting the application.
4. The program is available to both homeowners and tenants. In the case of rental properties, formal approval from the property owner will be required as part of the Application.
5. The applicant may redeem the voucher from participating retailers only. The voucher must be redeemed within four (4) weeks from the date of issuance. The voucher expiration date may be extended at the discretion of the District. Standard Vouchers will be applied as an instant rebate off the total price of the stove. The applicant will schedule an in-home estimate with a participating retailer. The retailer will verify the stove's eligibility and present an estimate to the Applicant. No retroactive rebates are allowed.
6. New devices must be professionally installed by a licensed installer or homeowner in accordance with local fire and building codes. A building permit must be obtained prior to installation of the new device if required by the city or county building department. Installations must occur within ninety (90) days of voucher redemption. The installation expiration date may be extended at the discretion of the District.
7. Older stoves that were replaced through the program must be permanently removed from service, doors to be removed and surrendered to Lassen County APCD, and stove must be recycled. The participating retailer will take a photo of the older stove prior to removing it and upon its destruction, and will also take a photo of the replacement stove after it is installed.
8. Participating retailers and/or their licensed installers will provide training on proper wood storage and wood burning practices (if applicable) and device operation and maintenance.

HOW TO APPLY

All sections of the Voucher Application Form (pages 3 and 4) must be completed. A copy should be retained by the Applicant for his or her records. The voucher program is not responsible for materials lost by mail. Please review the program terms prior to signing below. Submit your completed application with attachments by email, mail, or hand delivery to the Lassen County Air Pollution Control District (LCAPCD).

VOUCHER APPLICATION FORM

Applicant Information:

Name: _____

Physical Home Address: _____

Mailing Address (if different): _____

Phone Number: _____ Email (if available): _____

Existing Wood Burning Device:

Make/Model: _____ Year Manufactured/Age: _____

I have included a photograph of my old device to be replaced

My old device is a (check one):

- Non-certified freestanding woodstove
- Non-certified woodstove insert
- Open hearth fireplace

New device to be installed (check one):

- Wood stove/insert/pellet certified to U.S. EPA "Step 2 NSPS"
- Natural gas Propane Electric

Incentive Level:

Standard Incentive: \$1,500

Enhanced Incentive: \$3,000

Household income less than \$49,454 annually – backup documentation required

Additional Information:

1. How did you hear about the Program?

2. Why are you applying? (Please check all that apply.)

- Not satisfied with current device
- To reduce pollution
- To save money
- Other: _____

3. Was the rebate a significant factor in replacing your stove? Yes No

4. In a typical heating season, how many cords of wood do you typically burn? _____

5. Is your current device used as a primary source of heat (>50% winter use)? Yes No

* The list of Step 2 compliant heaters can be found at <https://www.epa.gov/compliance/list-epa-certified-wood-stoves>.

VOUCHER APPLICATION FORM (continued)

APPLICANT CERTIFICATION:

I certify the following:

- a. I understand that only a currently installed and operating non-EPA certified or pre 1992 wood burning devices used as a primary source of heat is eligible to be replaced under this program.
- b. I understand that participants are limited to receiving one rebate voucher per address.
- c. I understand that applications are processed in the order they are received. Rebates will be distributed on a first-come, first-served basis. Funding is limited; rebates are not guaranteed. The voucher will only be valid for four (4) weeks from the date of its issuance. No retroactive rebates are available. Voucher expiration date may be extended at the discretion of the District.
- d. I understand that applications may only be accepted for devices located in Lassen County.
- e. I understand that if I qualify, I will receive a voucher and a current list of participating retailers who will honor the voucher if it is submitted by the expiration date written on the voucher.
- f. The participating retailer who sells the new device is responsible for properly dismantling and disposing of the old device.
- g. If I choose to replace a device with funds from this program, I will make a commitment to purchase a device from a participating retailer within the four (4) week period and authorize the retailer to forward to the District a notification of the purchase agreement, with verification that my existing wood burning device is not EPA-certified.
- h. I understand that a building permit must be obtained prior to installation of the new device if required by the city or county building department. Installations must comply with all local fire and building codes. The installation must be completed within ninety (90) days of redeeming the voucher. Installation expiration date may be extended at the discretion of the District.
- i. I understand that I am responsible to pay the retailer for the purchase price of my new device, less the voucher amount.
- j. I understand that I will forfeit my voucher if I provide the District with false information or fail to obtain any required permit or if the required information is not submitted to the District prior to the expiration date listed on the voucher.
- k. The District does not warranty any devices purchased under this voucher program, including, but not limited to, the quality or functionality of the device.
- l. I understand that proper wood burning practices (e.g., burning only dry, seasoned wood) and proper stove installation and operation (e.g., maintaining a hot fire) are critical to the effectiveness of my new device. I further agree to receive training on proper wood storage and wood burning practices (if applicable) and device operation and maintenance from the participating retailer or installer.
- m. I understand that the District may inspect all work and associated records with 30-day advanced notice.
- n. Applications will be treated in accordance with Public Records Act requirements. Certain information, subject to those requirements, may be publicly disclosed.
