

# WOODSMOKE REDUCTION PROGRAM VOUCHER APPLICATION FORM

## HOW THE VOUCHER PROGRAM WORKS

1. The Lassen County Air Pollution Control District (District) is offering vouchers to replace non-EPA certified wood stoves, fireplace inserts, or open-hearth fireplaces **used as a primary source of heat** with new, cleaner burning devices. The new device may be an EPA certified woodstove or insert, electric stove, or electric heat pump.

Applications for rebate vouchers will be accepted until project dollars are depleted. **Please include a photo of the currently installed older stove, fireplace insert, or fireplace.** The completed applications must be signed by the homeowner (and tenant if applicable) and submitted to the District.

2. The Standard Voucher is valued at **\$1,500**. Please be aware that the Standard Voucher amount **will not** cover the entire cost of the new EPA certified device, installation, required permits and any code upgrades that may be required.
3. The Enhanced Voucher is valued at **\$3,000 to \$5,000**. Applicants are eligible for an Enhanced Voucher if the project is in a [Low Income or Disadvantaged Community](#)<sup>1</sup>, if the applicant participates in a Low Income program (WIC, CARE, LIHEAP), or if the household income is below \$60,188. The applicant can bring supporting documents for District review when submitting the application.
4. The program is available to both homeowners and tenants. In the case of rental properties, formal approval from the property owner will be required as part of the application.
5. The applicant may redeem the voucher from participating retailers only. The voucher must be redeemed within four (4) weeks from the date of issuance. The voucher expiration date may be extended at the discretion of the District. Standard Vouchers will be applied as an instant rebate off the total price of the stove. The applicant will schedule an in-home estimate with a participating retailer. The retailer will verify the stove's eligibility and present an estimate to the Applicant. No retroactive rebates are allowed.
6. New devices must be professionally installed by a licensed installer in accordance with local fire and building codes. A building permit must be obtained prior to installation of the new device if required by the city or county building department. No do-it-yourself installations are allowed under this program. Installations must occur within ninety (90) days of voucher redemption. The installation expiration date may be extended at the discretion of the District.
7. Older stoves that were replaced through the program must be permanently removed from service and surrendered to the participating retailer, who will render them inoperable and coordinate their disposal and recycling. The participating retailer will take a photo of the older stove prior to removing it and upon its destruction, and will also take a photo of the replacement stove after it is installed.
8. Participating retailers and/or their licensed installers will provide training on proper wood storage and wood burning practices (if applicable) and device operation and maintenance.
9. This voucher program was supported by the California Climate Investments (CCI) Program. This voucher program is subject to state requirements and agreements with the California Air Resources Board (CARB) and the California Air Pollution Control Officer's Association (CAPCOA).

## **VOUCHER APPLICATION FORM**

### **Applicant Information:**

Name: \_\_\_\_\_

Physical Home Address: \_\_\_\_\_

Mailing Address (if different): \_\_\_\_\_

Phone Number: \_\_\_\_\_ Email (if available): \_\_\_\_\_

### **Existing Wood Burning Device:**

Make/Model: \_\_\_\_\_ Year Manufactured/Age: \_\_\_\_\_

I have included a photograph of my old device to be replaced

My old device is a (check one):

- Non-certified freestanding woodstove
- Non-certified woodstove insert
- Open hearth fireplace (please include picture of wood-storage area)

New device to be installed (check one):

- EPA certified\* woodstove/insert
- EPA certified\* pellet stove/insert
- Electric Stove
- Electric Heat Pump

\*After May 15, 2020, new EPA certified wood and pellet stoves / inserts must meet Step 2 standards with a 2.0 grams per hour emission rate. Only a limited number of non-catalytic woodstoves are available. Participating Retailers will assist with offering compliant devices.

### **Incentive Level:**

- Standard Incentive: \$1,500
- Enhanced Incentive: \$3,000 (indicate qualification below – backup documentation required)
  - Located in a Low Income or Disadvantaged Community (see link to map on page 1)
- Enhanced Incentive: \$5,000 \*indicate qualification below – backup documentation required)
  - Household income less than \$60,188 annually
  - Proof of participation in a federal or state income assistance program (WIC, CARE, LIHEAP)

### **Additional Information:**

1. Was the rebate a significant factor in replacing your stove?  Yes  No
2. In a typical heating season, how many cords of wood do you typically burn? \_\_\_\_\_
3. Is your current device used as a primary source of heat (>50% winter use)?  Yes  No

**VOUCHER APPLICATION FORM (continued)**

**APPLICANT CERTIFICATION:**

I certify the following:

- a. I understand that only a currently installed and operating non-EPA certified (pre-1988) wood burning devices used as a primary source of heat is eligible to be replaced under this program.
- b. I understand that participants are limited to receiving one rebate voucher per address.
- c. I understand that applications are processed in the order they are received. Rebates will be distributed on a first-come, first-served basis. Funding is limited; rebates are not guaranteed. The voucher will only be valid for four (4) weeks from the date of its issuance. No retroactive rebates are available. Voucher expiration date may be extended at the discretion of the District.
- d. I understand that applications may only be accepted for devices located in Lassen County of California.
- e. I understand that if I qualify, I will receive a voucher and a current list of participating retailers who will honor the voucher if it is submitted by the expiration date written on the voucher.
- f. The participating retailer who installs the new device is responsible for properly dismantling and disposing of the old device.
- g. If I choose to replace a device with funds from this program, I will make a commitment to purchase a device from a participating retailer within the four (4) week period and authorize the retailer to forward to the District a notification of the purchase agreement, with verification that my existing wood burning device is not EPA-certified.
- h. I understand that devices purchased with funds from this program will be professionally installed by a licensed installer and that there may be additional costs for installation including a permit from my community for installation. Installations must comply with all local fire and building codes. The installation must be coordinated and certified by the participating retailer and must be completed within ninety (90) days of redeeming the voucher. Installation expiration date may be extended at the discretion of the District.
- i. I understand that I am responsible to pay the retailer for the purchase price of my new device, less the voucher amount.
- j. I understand that I will forfeit my voucher if I provide the District with false information or fail to obtain any required permit or if the required information is not submitted to the District prior to the expiration date listed on the voucher.
- k. The District does not warranty any devices purchased under this voucher program, including, but not limited to, the quality or functionality of the device.
- l. I understand that proper wood burning practices (e.g., burning only dry, seasoned wood) and proper stove installation and operation (e.g., maintaining a hot fire) are critical to the effectiveness of my new device. I further agree to receive training on proper wood storage and wood burning practices (if applicable) and device operation and maintenance from the participating retailer or installer.
- m. I understand that the District, CAPCOA, and the State of California may inspect all work and associated records with 30-day advanced notice.
- n. Applications will be treated in accordance with Public Records Act requirements. Certain information, subject to those requirements, may be publicly disclosed.
